

# Specification Sheet

Description **TransCube Global 10TCGCAB**

The Fuelchief TransCube 10TCGCAB is a 110% bunded transportable tank, that covers multiple diesel storage applications across multiple industries. Below are some key features:

- 🔴 960 litre model can be transported full of diesel without the need for ADR driver training.
- 🔴 Featuring a large single lockable cabinet to house all pumps and equipment
- 🔴 Easily stacked 2 high (full), 3 high (empty) to reduce storage space requirements.
- 🔴 Access manhole for maintenance and inspection of inner tank.
- 🔴 Full load lifting eyes, forklift pockets and internal baffles designed to allow handling of the TransCube 10TCGCAB full of fuel.
- 🔴 Secure lockable access hatch to house pumps (electric and hand!) and feed and return connections for up to 3 generators.
- 🔴 Ability to supply fuel for up to 3 generators and refuel plant machinery all at the same time.
- 🔴 Sized to stack inside shipping containers and across truck beds providing economical transportation.
- 🔴 Protective galvanised framework preventing damage to tank, paintwork and decals.
