SAPPHIRE ONLINE
MONITOR EVERY DROP EFFORTLESSLY

FEATURES & BENEFITS:

The Sapphire Online range allows the monitoring of fuel right down to vehicle and user for your business. A sophisticated stainless steel construction and design incorporating alphanumeric Qwerty keyboard makes entering asset numbers easy. The best thing about the Sapphire Online system is that it's instant! The transaction details are updated in real-time so you can always have piece of mind on re-fuelling activity.

WHAT ARE THE BENEFITS FOR YOUR BUSINESS:

Easy To Retrofit
The Sapphire Online can be retro-fitted to replace your current fuel management system easily. Contact us to find out how.

Accurate Alerts
Never be concerned about low fuel levels, as the Sapphire alerts you when levels are low.

Use Existing Fuel Cards
Keep it simple, your drivers can keep their current fuel cards and use these ongoing. A keyfob option is also available for drivers if this is easier.

Fuel Rebates
Save office downtime with easy reporting for business fuel rebates.

Cut Your Fuel Costs
It's never been so easy to monitor the fuel costs of your business - total efficiency and piece of mind.

Monitor Every Litre
Total awareness of every litre of fuel delivered, pumped and consumed.

Save Money
Improve your fleets performance using real-time vehicle and driver statistical reports.

Greater Control
24/7 access to your depot stocks and fuelling systems - reduce stock losses.
