

Warranty Document

Item **Fuelchief Pyrotector** **PY all models**

Warranty Terms: **10 years**

Warranty Covers:

- ♥ The original Tank Owner at the original installation site, its protected aboveground fuel storage tank against defects in materials and workmanship
- ♥ This vaulted tank is designed exclusively for the aboveground storage at ambient temperatures of uncontaminated products as follows: petrol, jet fuel, AV gas, diesel, kerosene, new or used motor oil, 100% methanol, or anti-freeze
- ♥ Tank owner to ensure that a regular dewatering program is put in place; refer to 'tank maintenance' data sheet for details and methods
- ♥ Manufacturer's liability under this warranty shall be limited to, at the manufacturer's option: (a) repair of the defective tank, or (b) delivery of a replacement tank to the original point of sale, or (c) refund of the original purchase price of the tank

Warranty Does Not Cover:

- ♥ Damage resulting from accident, misuse, abuse, Acts of God, failure to perform reasonable care
- ♥ Repairs and/or modifications made by non-authorized * persons, or the affixing or attachments of any unauthorised * fixture or equipment to the tank
- ♥ Protective coatings (separate manufacturer's warranty)
- ♥ Decals, signs, vents or any hardware or equipment installed on or used with the tank
- ♥ Manufacturer is not responsible or liable for special, incidental or consequential damages of any kind or for the costs due to loss of use, or unauthorised* removal, repair or replacement

* All authorisations must be in writing from the manufacturer to the tank owner
